

LEARN Education Fair at Exploration Place

Fri., Dec. 11 & Sat., Dec. 12

11:00am till 3:00 pm

- ☞ The public & museum goers are invited to visit individually with each of these schools. Representatives will be on hand with the latest class schedules, degree options and credential course options. ***Mention you are there for the fair and receive \$1 off admission of Exploration Place.*** This discount is good for EP's two current traveling exhibits: *How to Make a Monster: The Art and Technology of Animatronics*, and *DOUBLEXPOSURE: Photographic Climate Change*, in addition to EP's permanent exhibits.
- ☞ LEARN-Wichita is a non-profit educational organization comprised of colleges, universities and trade/technical schools located in Wichita that work together to provide a rich diversity of educational opportunities for adults and employers. They offer certification programs, associates, bachelors, masters and doctorate degrees. Part-time, full-time, accelerated, classroom-based, online, and distance-learning educational formats are available.
- ☞ Exploration Place, 300 N. McLean Blvd, Kansas' premier science center, offers visitors of all ages interactive exhibits, the state's largest domed theater - the CyberDome, imaginative spaces, and outdoor recreation, all located on a 20-acre site along the scenic Arkansas River in the downtown Wichita, Kan., Museums on the River District.

"LEARN Wichita is thrilled to team up with Exploration Place to offer our services to families in Wichita. Now is a wonderful time to finish a degree or take a class. This is an opportunity to see all of your options right in front of you and ask the questions you need to make your education decisions. If you are considering going back to school, please stop by, we are here to help." Suzanne Lane, Kansas State University, Division of Continuing Education.

"Our hope is that the public, and businesses in general, will find LEARN-Wichita a useful education tool. It's a way for one-stop shopping for the right degree or certificate program."
Terri Laurhammer, Embry-Riddle Aeronautical Univ., Vice Chair, LEARN-Wichita.
